Survived by Sex

Survived by Embarked

These visualizations offer a straightforward overview of how survival rates varied across these key demographic and situational factors among Titanic passengers.

- **Survival by Sex:**
Contrasts the number of male and female survivors versus non-survivors.
- **Survival by Passenger Class (Pclass):**
Displays survival rates across different passenger classes.
- **Survival by Embarked Port:**
Shows survival rates based on the port of embarkation.
- **Survival by Age:**
Breaks down survival rates by age groups.
